Dear Petros, Boyana, Christos and the team,

We would like to thank you for the immaculate cooperation we had for the organization of ICOAE2022. Your contribution was crucial for the successful organization of the conference. It was the first on-site conference after the pandemic and we had a considerable increase in the number of participants. Taking into account that starting from this year onwards the conference publications are indexed in SCOPUS we hope that we will do better next year as well.

Next year's conference will take place from 27 June to 1 July, 2023 in Brno, Czech Republic and we are looking forward once again for your cooperation in its organization.

All the best,

Nicholas,
Aspasia
