

The Association for Educational Assessment – Europe (AEA-Europe) has had a very fruitful collaboration with Easy Conferences for several years. It started when AEA-Europe held its annual conference in Cyprus in 2016, and engaged EasyConferences as our local conference organizing agency.

We had at that time organised many conferences and worked with many excellent agencies all over Europe, but found EasyConferences outstanding. Their friendliness and service mindedness impressed us, and their ability to help with the whole conference organising process, from the call for papers to the evaluation after the conference, made our work within the association much easier. We decided to engage Easy Conferences also for our future conferences and are very glad that we took this decision. In recent years, we have expanded our collaboration, and Easy Conferences are now helping us throughout the year, not only with conference organization but also with membership administration and communication, financial services and our website.

Petros and his team are invaluable to us, and we look forward to many years of working together, organising activities for the AEA-Europe community.
