Dear Petros,

I hope that you and your colleagues in Easy Conferences managed to get a break sometime last week after the 2024 annual conference of the Association for Educational Assessment Europe (AEA Europe), held in Paphos, Cyprus.

On behalf of the AEA Europe Council I wish to thank you all for your tremendous support to the Local Organisers and to other key committees and individuals in preparing and delivering the conference. This, the 25th conference of the association, was a milestone event for the organization. Your attention to detail, and keen insights and advice in relation to hosting the event contributed greatly to the success of the conference and the satisfaction and enjoyment of delegates and other guests.

The dedicated work of yourself, Christos, Vasso, Nicolas and Melita during the conference was most appreciated. I would like to commend the extremely professional and courteous manner in which your team responded to and interacted with AEA Europe representatives and delegates throughout the process.

With kind regards,

Damian Murchan
